10:00–11:15	1A INPAS Essentials: What Every Stakeholder Needs to Know <i>A practical overview of the standard, answering common questions, and highlighting what matters most for preparers, auditors, funders, regulators and governing bodies.</i>	1B Kenya's INPAS Journey: An Adoption Case Study <i>Following publication of ICPAK's roadmap, stakeholders share how Kenya reached this milestone, the opportunities and challenges of mandatory adoption from 2028, and the steps being taken to support a successful transition.</i>	1C AI in the NPO Reporting Ecosystem: Opportunities and Risks <i>This session explores how AI could transform non-profit reporting, audit, regulation and donor decision-making, while examining the safeguards needed to manage its risks and limitations.</i>
11:15–11:45	Break		
11:45–13:00	2A INPAS Essentials: What Every Stakeholder Needs to Know <i>A practical overview of the standard, answering common questions, and highlighting what matters most for preparers, auditors, funders, regulators and governing bodies</i>	2B Measuring Momentum: Global Progress on INPAS Adoption <i>Where is INPAS gaining traction, what drives successful adoption, and how will we measure impact? This session examines adoption trends, milestones and lessons from around the world.</i>	2C The Missing Link: Connecting Financials to Outcomes <i>Financial reports tell us about resources raised and spent. Impact reports tell us what changed. This session explores practical approaches to linking financial information, activities, outputs and outcomes to provide a more complete picture of organisational performance.</i>
13:00–14:15	Lunch		
14:15–15:30	3A Harmonised Grant Reporting: From Complexity to Consistency <i>Explore how INPAS Harmonised Grant Reporting bridges the gap between grant reports and financial statements, and the trade-offs between flexibility and standardisation in expenditure classification.</i>	3B Measuring Momentum: Global Progress on INPAS Adoption <i>Where is INPAS gaining traction, what drives successful adoption, and how will we measure impact? This session examines adoption trends, milestones and lessons from around the world.</i>	3C Beyond Good Intentions: Understanding External Costs <i>Can doing good also cause harm? Explore the concept of external costs and the unintended consequences that can accompany social impact.</i>
15:30–15:45	Moving break		
15:45–17:00	4A Harmonised Grant Reporting: From Complexity to Consistency <i>Explore how INPAS Harmonised Grant Reporting bridges the gap between grant reports and financial statements, and the trade-offs between flexibility and standardisation in expenditure classification.</i>	4B Adopting Harmonised Grant Reporting: Perspectives from the Funding Chain <i>Local NPOs often bear the burden of complex donor reporting yet have little influence over it. Can funders, INGOs and grant-making intermediaries help drive reform? Hear perspectives from across the funding chain on the opportunities, incentives and challenges.</i>	4C Software for smarter INPAS Reporting <i>Based on the results of a global survey, this session explores the accounting software used by non-profits of different sizes around the world, highlighting features and top tips to support efficient and effective INPAS implementation.</i>
